

## Managing Consultant - Mike Ormesher

HRP (Salford) MBA, BSc, FRSA

Mike has over 35 years of experience in advanced industrial manufacturing and project management for major companies worldwide. He is an RICS registered expert witness and runs Ottersbrook Consulting Ltd, serving clients globally. An honorary research professor and industry advisory board member at Salford University, Mike has also led the off-site homes

alliance ([www.oshahomes.org](http://www.oshahomes.org)), a public sector client collaboration, as consultant project director since 2019. With a sustained background in technical public affairs, Mike is a regular conference speaker and industry collaborator, for disruptive innovation management.

Mike delivers services for Ottersbrook covering full project management, development workshops, research and development, product & system testing, compliance & certification, business strategy and deployment, and also, expert witness support. Mike manages all processes via the Ottersbrook digital platform, which is made available to all stakeholders involved, wherever they are, globally.
